

PUBLIC HEALTH AND AWARENESS CAMP

Bapuji pharmacy college Davangere, organized public health and awareness camp on 4th December 2019 at Public health centre, Thavanige town, Davangere district, to create public awareness on communicable diseases, effects of smoking and alcoholism, chewing of tobacco and maternity health care.

Staff and students of Pharm D and Final B Pharm actively participated and carried investigation on people of Thavanige town and nearby villages for health parameters like B.P monitoring, Blood grouping, Hemoglobin estimation. Posters were displayed in the public health centre premises. People with abnormal parameters were advised to consult the physician for occurrence of disease or for the treatment of disease.

Bapuji pharmacy college thank Public health centre Thavanige and JJM medical college Davangere for providing facilities, co-operation and kind support in successful organization of the health camp.
